

Our ethos

The 'slow food' served at Loch Arthur café is made from scratch using the finest and most nourishing ingredients, mostly sourced from our own organically certified farm, creamery and garden and from our own bakery.

For additional ingredients we choose organic, fairtrade or local, wherever possible.

We believe in preparing quality food with care and attention. No short cuts, no microwave!

Our ingredients

The **milk** is from our own organic 'Dairy Shorthorn' cows, pasteurised each morning and delivered fresh to the farm shop daily. Neither skimmed nor homogenised, our milk keeps all of its flavour without being over processed.

Most of the cheese used in our café menu is our own **Farmhouse Cheese** made using unpasteurised milk and vegetarian rennet. Our cheese is produced year round in our organic creamery following traditional methods.

Our bakery produces an impressive range of **bread**s from organic wheat, barley and rye flour & grains. The afternoon workshop teams make granola & muesli too.

We choose seasonal **vegetables** sourced from organic growers in the UK and Europe, and supplied from our own organic garden when it is growing season.

When we make pastry, cakes and biscuits we use real butter, that's why they taste so delicious!

All of the **beef and lamb** is reared on our organic & biodynamic farm. You can read more about our farming practices on our website.

The ground here at Loch Arthur tends to be too wet and too heavy for organic pig production, so our **pork** is produced from locally sourced organic pigs. Haggis, black pudding, burgers and sausages are all made here by our own butchers.

Loch Arthur Camphill Community

Loch Arthur is a Camphill Community which includes people with learning disabilities. There are seven shared houses and several smaller houses in which altogether about 80 people live, including 29 people in supported tenancies.

Each household has someone, or a couple, who are responsible for the house, but we are not 'staff' in the conventional sense. We choose to share life together, some of us have children so family life is woven into the pattern of community life. There are also around 20 volunteers from all over the world who join our Community for a shorter time. We do not have hours on and off duty: the house is home for all who live there.

Loch Arthur is very much a working Community. As well as the shop and cafe, there is a farm, a large garden, a creamery, a bakery, and several craft workshops. Many of the products in the shop and cafe come from these workshops, our farm and garden.

The work side of life matters to us because it answers a fundamental need to be useful and active. It offers challenging opportunities for meeting and engaging with each other, giving us a shared purpose and responsibility. Each person is able to contribute in different ways. We try to find a balance between the needs of productivity and our wish to collaborate and involve everyone in the team.

As well as the people who live at Loch Arthur there are a number of people who are employed to support the workshops, houses, administration, and the farm shop and cafe.

All the developments we have achieved so far have depended on donations large and small. We are very grateful for all the support we have received, and that need will continue.

We are also lucky to have a very active Friends Group, which supports and fundraises for Loch Arthur. If you would like to find out more about the work of the Friends, please pick up a leaflet inside the front door of the shop.
